# SPECIAL! GOOD UNTIL

**Advance Sale of Plants** 

March 15

# FOR JANUARY AND FEBRU

10 Percent Discount on all Orders Over \$5.00

Again, at the beginning of the New Year, we present a new low price schedule on numerous items of our Perhaps you are Nursery Stock. wondering how we can sell strictly High Grade Nursery Stock at the low prices quoted herein. Facts are-we have a lot of Nursery Stock and no money to meet our obligations, and in order to pay our bills, we must exchange some of our plants for money.

We have no traveling agents. We have AGENTS--- We have no traveling agents.

had complaints from time to time from people who say they have bought plants from our agents, who guaranteed to replace the plants free of charge if they proved unsat-

This is to warn our friends and customers against placing any orders, and paying their money, with any one claiming to represent us. We are doing only a mail order business, and request you to send all your orders direct to us.

Certificate of Inspection Will Be Sent With Each Shipment

# CASH RAISING SALE

I would not offer this stock at prices quoted, which are below cost of production, if I were not forced to do so. I have had considerable losses and expenses the past two years, which makes it absolutely necessary that I raise several hundred dollars in a short time. So, to be sure or raising this money from sale of my stock, I am offering you the greatest opportunity you will probably have in a long time to secure stock of the highest quality at unheard of prices.

Compare these prices with any reliable firm and you will be surprised at the big saving you will make by sending your order in before the time limit on this offer expires. I sincerely hope I will never again be compelled to offer my stock at such low prices.

I assure you that each and every order will have our best attention, the same care to digging, grading and packing as we have always given.

# These Prices Are For Cash--You Save 25-50 P'ct.

### Our Guarantee

Despite the fact that high quality merchan-dise in this circular is priced unusually low, we guarantee every plant, tree, shrub, or bulb sold by us to be first class in every way, free from any injurious disease or insect and absolutely true-to-

We further guarantee our stock to reach the customer in good growing condition by mail or express, and will replace free of charge any that does not; providing claim is immediately made and express receipt and signed statement of postmaster or express agent showing amount of loss or damage is returned therewith.

Furthermore, we will, on proper proof, replace free of charge or refund purchase price of any stock that proves untrue-to-name. In no case will we be liable for more than the original purthase price of stock.

### Notice!

Hand this special price list to your friends, but do not do so until you have sent in your own order. Your friends will thank you for it, and we will THANK YOU TOO.

Or better yet, when you send in your order send to us the name of those whom you want one of our catalogues and we will gladly mail them one.

#### HOLLAND **Bulb Bargains TULIPS** GROWN

The Darwin Tulips herein offered are Holland-grown Bulbs. Our shipment from Holland has just arrived and we are ready to fill oders. The Bulbs offeed are all No. 1 quality bulbs.

BARONNE DE LA TONNAYE. Bright pink margined blush rose.
BARTHGON. Flery crimson with light base, large flower, very beautiful.

CLARA BUTT. Beautiful salmon-pink; one of the most popular pink sorts.

WHITE QUEEN. Lovely soft white, slightly tinged pink.

FARNCOMBE SANDERS. Brilliant red with light base, very large flower.

PRIDE OF HAARLEM. Deep rose-red with blue base.

WILLIAM COPELAND. Rose-lilac, pleasing color and one of the best for forcing.

REV. H. EWBANK. Deep lavendar with lighter tint at the edge.

SCARLET BEAUTY. Intense rich glowing starlet without any marking on the outside petals.

CENTENAIRE. Dark violet-rose, with blue center, large flower of perfect shape.

PRINCESS ELIZABETH. Rich soft rose, shaded lighter at the edges. Flowers on long, stout stem.

INGLESCOMBE YELLOW. Clear canary-yellow. Very effective planted in combination with the darker colors.

Prices on above varieties, 25c per dozen, or one hundred bulbs for

\$1.50

### Abelia Grandiflora

We cannot recommend this plant too highly. Foliage small, dark green and glossy, borne on graceful, arching branches which show distinct red color. From May until frost the plant is covered with small, pinkish white, bell-shaped flowers. Unless the winter is quite severe the plants will hold their foliage throughout the year, and in the fall takes on bright autumnal colors to the leaves. It may be planted singly, as specimen, in groups, or used as a hedge. The plants here offered are strictly first class in every respect and we are making the prices low so that if you want a beautiful hedge of Abelias you can have it at very low cost.

### EVERGREENS

### ALWAYS BEAUTIFUL IN FORM AND RICH IN FOLIAGE.

These are plants that will give your lawn a striking green effect throughout the winter. They will double the beauty of your planting. All these evergreens have been transplanted. pruned and sheared, and will be dug with ball of earth to protect the roots.

All evergreens should be shipped B&B (balled and burlapped) by freight, as express charges are very high, one and one-half times freight. We give this information for the help of our custo-

### DECIDUOUS TREES AS **ORNAMENTS**

Trees occupy by far the greatest place in our landscape. Everybody knows the value of shade trees, and they may be regarded as a permanent investment. We could not do without manent investment. We could not do without them. Select them with care. For permanency choose the harwood types, although they grow a little slower. The faster growing soft wood varieties also are very desirable, and useful, and should be used more liberally, especially interspersing them among hardwood varieties.

RED, OR SCARLET MAPLE (ACER RU-BRUM.) A long-lived, hardy tree of excellent habit. Scarlet flowers in early spring; dense foliage turning to gorgeous colors in autumn.

### Privett---Hedge Plants

If your fences and dividing lines are made of hedge rather than of wood and iron they immediately become a thing of beauty and the upkeep is materially reduced. Once established, they will last a life time. The trimming of the Privett is not a large job and certainly is worth while. To secure best results, pruning should be commenced at time of planting and kept up throughout the sea-

. We are large growers of hedge paints, and are thereby enabled to make the following very low prices.

AMUR RIVER NORTH PRIVETT.

Hardy as far North as Canada. Makes
a fine, dense hedge. Eventually attains
the height of 8 to 10 feet.

AMUR RIVER SOUTH PRIVETT. (Southern Evergreen Privett.) Most popular hedge plant, often times called Evergreen Hedge, in the South. Rich green foliage, compact growth. Hardy as far North as Kentucky. Makes a good hedge in one year.

CALIFORNIA PRIVETT. A very successful privett for the Northern States.

Leaves dark, glossy green. Erect branching habit and quick, substantial develop-

IBOTA PRIVETT. A handsome shrub valuable for specimen plants, or hedges. Numerous nodding clusters of white flowers, followed by black berries. A very hardy, Japanese variety.

IBOLIUM PRIVETT. A cross between California and Ibota Privetts, having the attractiveness of the California and at the same time is much hardier. Forms an excellent hedge when trimmed.

### FRUITS---Miscellaneous

Every home should have some Fenit Trees. They provide real beauty and excellent shade in addition to delicions fruit.

We are listing below a few fruit trees, grape vines and strawberry plants. We are not growers of fruit trees in our nursery, but have had many calls from out rustomers for them, and since there are large quantities of both peach and apple trees produced in this section, we are in position to supply our customers' wants from reliable, trustworthy growers who know how to grow and properly care for young trees.

The varieties listed are those that we believe to be productive of profitable crops. They are the varieties best adapted to the soil and climatic conditions of the middle states. To those who are planning on planting commercial orchards, we are in position ro quote atteactive prices in quantity lots.

### Apples

We have tried to list only those of the most denendable sorts. If the trees we ship you do not look as good as any you ever saw, and are not entirely satisfactory, ship them right back to us at our expense immediately upon arrival, and we will refund purchase

### ROSES

### A Selection of Beautiful, Hardy, Field-Grown Varieties

The happiness of mankind may be increased by encouraging that love of a garden, that love of the beautiful which is innate in us all, and in the development of the garden no plant is more worthy of a large place than the ROSE. In what wonderful shades and coloring, in what exquisite variety of form and habit, with what delicate perfume it is now possible to have them! For length of blooming period they have few equals, and no superiots among flowering shrubs—
the ROSE stands in a class by itself-THE OUEEN OF FLOWERS.

Columbia. Enormous blooms of clear pink. Extra good for cut flowers, due to long, stiff stems. Dame Edith Helen. Large, beautifully shaped. Double flowers of pure, light pink. A very handsome new

Frank W. Dunlop. Brilliant, deep rose pink. Vety double and highly scented.

Jonkheer J. L. Mock. A massive tose. Carmine buds slowly open to deep carmine-pink. Paul Neyron. Probably the largest of the pink toses.,

Very beautiful. Radiance Pluk. The finest pink we know. The buds are rounded, and flowers cup shaped. A beautiful shade of soft carmine-pink flowers on long stems.

#### YELLOW.

Alexander Hill Gray. Pale, lemon yellow deepening in the centee of perfectly formed fragrant flowers. Duchess of Wellington. Long, large saffton yellow buds, slowly opening to fragrant yellow flowers. Lady Hillingdon. Clear apricot-yellow. Buds of re-

markable quality and elegance.

Lixembourg. A fine large, double golden-yellow rose of vigorous habit.

Sanburst. A wonderful tose of orange coppety gulden yellow. We recommend this rose to out customers. Talisman. Brilliant red and gold bods, opening to well-shaped blooms of scarlet-orange. Tall, hardy growth, constantly in bloom. 50c each; \$5.00 pee dozen.

Francis Scott Key. Free bloomer. Double rich crim-General Jacqueminot. Bright, shining crimson. One of

the most desirable of the red roses. Gruss an Teplitz. A very dependable variety. A profusion of cleat, scarlet flowers are borne from July

Radiance Red. Similar to the Pink Radiance, but has long, bold cerise red flowers on long, heavy stems. An exceptionally good rose.

Bessie Brown. Pure wbite, large, double flowers, flushed with pink near the center. Frau Karl Druschki. This is the White American Beauty. Very perfect in form. Kaiserin Augusta Victoria. Buds creamy, well formed.

with a slight tint of lemon at center. Wm. R. Smith. Flowers are freely produced, creamy

white, with strong tints of pink. Any of the above bardy bush toses, two year, old 40c each: \$4.00 per dozen. Two yeat old, light rores, your selection any of the above 30c each; \$2.50 per

#### CLIMBING ROSES.

Dorothy Perkins. A grand climbing rose. Beautiful, double, shell-pink flowers in great profusion. Foliage fine and smooth.

Dt. W. Van Fleet. Very popular climbing rose. Can

be used nicely for cut flowers. Perfectly formed, longpointed deep pink buds. Foliage dark, glossy green. Gardenia. The colot is a decided yellow; flowers very

Marechal Neil. A very popular, yellow cose. The buds are exquisitely formed and the blooms of large size: color rich golden yellow. 50c each; \$5.00 per doz.

Paul's Scarlet. Makes a brilliant display for several
weeks. Vivid bright red blooms in laege cluaters.

Prices on above Climbers, except where noted, 30c each: \$3.00 pet doz.

# 10% Discount! on all orders over \$5
